FAQ's

Tech Support

Should you be re-prioritizing the candidate's skill set over their educational achievements or experience?

According to a recent survey, 79% of employers say skills are as or more important than other criteria while 94% of recruiting professionals agree that understanding skills is necessary to make informed talent decisions.

Skills-based hiring has also increased over 63% in the last 12 months according to LinkedIn/Pulse.

If you'd like to discuss what skills you're evaluating with your testing, Talevation can assist with our in-depth knowledge of the various test offerings!
